TWO WOMEN from Aspermont were down in Hamlin the other day shopping. One of them had purchased a new dress and was trying it on in the dressing room. She called to her friend in to see it.

"Kinda biblical, isn't it?" the friend observed.

"What do you mean, biblical, my dear?" the purchaser asked.

"Oh, sorta lo and behold."

THOSE LITTLE RHYMES recently issued by the traffic safety division of the Texas Highway Department are worthy of our consideration. For example:

If you care not whether you die,
How about the other guy?

OUR RELATIONS with our fellow man oftentimes are the determining factor in friendships and success. The poem below is a prayer from a fellow who was interested in making his life count for others:

Teach me, my Lord, to be sweet
and gentle in

All the events of life . . .

In disappointments,

In the thoughtfulness of others,

In the insincerity of those I trust-

ed.

In the unfaithfulness of those on

whom I relied.

Let me put myself aside.

To think of the happiness of others.

To hide my little pains and heart-

aches, so that

I will be the only one to suffer

them.

Teach me to profit by the suffering

that comes across my path.

Let me so use it that it may mel-

low me,

Not harden nor embitter.

That it makes me patient, not irri-

table,

That it makes me broad in my

forgiveness,

Not narrow, haughty and over-

bearing.

May no one be less good for hav-

ing come within my influ-

ence,

Less true, less pure, less noble,

for having,

Been a fellow traveler in our jour-

ney toward eternal life.

As I go my rounds from one dis-

traction to another, let me

whisper

From time to time a word of love

for Thee.

May my life be lived in the super-

natural, full of power,

For good and strong in its purpose

of sanctity.

MOST OF US are going in high gear all the time, and wind up each day with our tongues rolling out. The following prayer was made by an old negro preacher at a revival held recently in a small country church in Alabama, which is appropriate, we believe:

"Slow me down, Lawd. Ah's goin' too fast. Ah can't see mah brother when he's walkin' past. Ah miss a lot o' good things day by day: Ah doan't know a blessin' when it comes mah way. Slow me down, Lawd. Ah wants t' see more o' th' things that's good for me. A little less o' me an' a mite more o' you; Ah wants th' heavenly atmosphere t' trickle through.

Let me he'p a brother when the goin' gets rough; when folks work t'gether it ain't so tough. Slow me down, Lawd, so Ah c'n talk with some o' your angels; slow me down to a walk."

EVEN BILL ROUNTREE is beginning to believe it is true—that is, that the government rain gauge which he has been using at the city pump station to measure Hamlin rainfall is tabulating our rains short.

"Folks have been telling me for months that my gauge is the stingingest thing they know of when it comes to measuring our rains," declared Bill this week after the gauge showed only .67 of an inch of fall for the early Tuesday morning rain and hail.

"Really, I believe we got more rain than that, because water was running and standing all over town."

Polio Vaccine to Be Given to 800 Jones County Children

Approval of New Agent Necessary Before Plan Used

Gayle Baize of Hamlin Reelected Singer President

Some 800 Jones County school children are scheduled to receive possible administration of polio vaccine, according to Dr. Allen Andrus, county health officers. Detailed plans now are being worked out for the program, he declared this week.

As was announced March 5 by state health officials, all first and second grade pupils in public, private and parochial schools in the state and all children who were part of the test groups in the 1954 vaccine field trial but did not receive vaccine at that time, are included in the planned program. It will also be available to others through physicians at the same time.

But parents were warned by Dr. Andrus not to jump to the conclusion that the current planning indicated the vaccine already had been proven effective.

The vaccine, which will be furnished by the National Foundation for Infantile Paralysis, is the same vaccine that was given to 440,000 children last spring, he said. "We do not know yet whether it really prevents paralytic polio. Until April, when we learn the results of the evaluation study now being conducted at the University of Michigan, we

Seniors Ready for Five-Day Trip to New Orleans Aboard Streamline Train

Next Thursday, April 14, will mark the advent of a happy time for 43 members of the senior class of Hamlin High School, their sponsors and three room mothers when they board a Texas & Pacific Railway crack streamline train, The Eagle, en route to New Orleans, Louisiana, for their annual senior trip.

Two special pullmans will be provided for the group, which will also be their lodging quarters until they return Sunday afternoon, April 17.

A T & P Railway representative will act as guide manager for the tour. The group will board

Easter Egg Hunt Set at North Central Church

Children of the North Central Avenue Baptist Church will be treated to an Easter egg hunt Sunday afternoon, beginning at 3:00 o'clock, according to the pastor, Rev. Woodrow McHugh.

Women and others of the church are asked to bring eggs—either cooked real eggs or candy eggs—to the church earlier for hiding. All youngsters of the church are invited to participate in the annual affair.

New Mexico Man Leads in Revival at Pentecostal Church

Rev Marvin E. Abbott of Roswell, New Mexico, will conduct a two-week revival meeting at the United Pentecostal Church, beginning Sunday evening, according to Rev. T. J. Waldrop, pastor.

Special services to stimulate faith will be held each Tuesday and Friday evening. On these nights attendants will bear such outstanding sermons as "Ten Reasons Why You Are Not Healed," "Somebody Touched Me" and "Faith in Action." Other sermon topics will be "The Second Mile," "Dangers That Threaten America" and others.

Rev. Abbott has traveled extensively, conducting revivals over a large portion of the United States, and has pastored churches in a number of states. He is a noted singer and musician, playing the standard and Hawaiian guitars. He has been on many radio stations and recently was invited for a special number on Station KDAV, Lubbock.

Services will begin each evening at 7:00 o'clock. The church is located at Northeast Third and Northeast Avenue A.

TB Association Group Slates Business Meet

Annual business meeting of the Jones County Tuberculosis Association will be held at Stamford Tuesday evening, April 12, at 7:30 o'clock at Nat's Cafe. It will be a dinner meeting, and officers, directors and members are invited and urged to be present, according to Mrs. E. M. Wilson, county chairman. Each person will be expected to pay for his or her dinner.

The singing sessions were held in the Anson Junior High School auditorium. Those attending the assembling of music lovers and singers had come from an area extending from Monahans to Louisiana.

Scores of people from the Hamlin area were among attendants.

Rush for Car Licenses Swamps Issuing Office

Mr. and Mrs. Jim Howard King and a couple of deputies were wiping their weary brows last Friday as they completed the issuance of more than 2,500 automobile license plates or motorists of the Hamlin area in the biggest rush of last-minute purchasers they have experienced in their several years of license issuing.

The pick-up is the third piece of mobile equipment recently purchased by the city in a program to modernize the rolling stock of the municipal. Also recently received are a panel truck for the water department and a street sweeper.

For the evening services at the church there will be a short play entitled "Easter In My Heart," presented by members of the Crusaders Service division.

The pastor and members of the congregation invite the public to attend the plays. The church is located at the corner of Southwest Avenue D and Southwest First Street.

Pick-Up for City Water Department Delivered

Delivery of the Dodge pick-up truck that was recently purchased by the City of Hamlin for use by Bill Rountree and others of the water department was taken this week, according to city officials.

Coaches Vernon Townsend, Elvin Hill and John Taylor have tendered their resignations from their respective coaching positions at Hamlin Schools for the coming year. All resignations are effective at the close of this school year, Superintendent L. R. Hutchingson declares.

Coach Townsend has accepted a position with the coaching staff of Vernon High School, where he will serve as assistant football coach and head baseball coach. Vernon High School is a AAA

school in the same district with Sweetwater and Big Spring.

Coach Townsend has been with Hamlin High School for six years, coming here from Snyder as assistant coach and head basketball coach. He has served as head coach for the past two years. During this past year his football team had a four win, one tie and five loss record against a schedule of some of the stronger teams of the area.

Coach Townsend has characterized his coaching by the highest type of clean sportsmanship and fair play and has at all times exhibited a high type of leadership with his boys," declares Hutchingson.

Hill and Taylor have not as yet announced their plans for the coming year. Their resignations have been tendered in order to allow a new coach an opportunity to select his own staff.

Hill has served as assistant football and basketball coach for the past two years. He came to this school from Howard Payne College.

Taylor has been with the Hamlin Schools as head basketball and Junior High coach. He came to Hamlin from Texas Christian University.

Both men have served the school well, and the best wishes of the school and community will go with them to new places, says Hutchingson.

Two Easter Plays Set For Sunday at Hamlin Foursquare Church

Members of the Sunday School department of the Foursquare Gospel Church in Hamlin will present an Easter play entitled "There Is No Death" Sunday morning at the 11:00 o'clock hour, according to Rev. Carl Pool, pastor. The drama is an hour long, and will feature five characters.

The nominating committee, of which Lennie Greenway of Hamlin is chairman, will submit a slate of officers and directors for the coming year.

The pastor and members of the congregation invite the public to attend the plays. The church is located at the corner of Southwest Avenue D and Southwest First Street.

Hudson received four votes in a write-in on ballots.

The board has no announcements as to replacements at this time, but will begin reviewing applicants at an early date, according to the superintendent.

Up to Two Inches Rain Accompanies Storm Tuesday

A young tornado played havoc in several areas around Hamlin as a part of the early Tuesday morning rain and hail storm. The worst damage was reported east and south of town.

The Stamford section was the worst hit in the Tuesday morning blow, where more than \$1,000,000 damage was done to public and private buildings and other structures. Major building damage was a cotton storage warehouse.

The storm struck first about 5:30 Tuesday morning in Boyd's Chapel community, eight miles south of Hamlin, where the place owned by Mrs. L. F. Young and occupied by Mr. and Mrs. Bill Young was hit. The windmill was blown down, and a front porch ripped from the house

Outstanding FFA Boys Recognized as Feature of Annual Son-Parent Banquet

Recognition of seven outstanding members of the Hamlin chapter of Future Farmers of America was a feature of the annual banquet staged at the Hamlin Elementary School cafeteria Monday evening by the FFA boys for their parents and friends.

About 200 boys, leaders and parents took care of a big batch of barbecue and all the trimmings when things got underway. Preparing the meal were Mimes, Cecil Brown, A. F. Dixon, B. K. Smith, Ed Rodgers and Eve Eades.

After the invocation by Jerry Jay, opening ceremony, was presented by officers of the FFA chapter.

Welcome to the gathering was offered by Ronny Parker for the boys. Response for the mothers was given by Mrs. Noel Weaver, and Louie Cunningham responded for the dads.

Speaker of the evening's program was E. M. Borden, minister of the Church of Christ, who talked about his picture making hobby and compared the reproduction of pictures to life.

For entertainment, Bobby Norton played a trombone solo with Elizabeth Norton accompanying at the piano, and Gene Steele played a trumpet solo.

The special recognition awards were presented by C. L. Howard to the following: Douglas Ford, swine breeder; Ronny Parker, beef cattle; Clifford Eoff, dairy cattle; John Brinegar, poultry; Joe E. Brown, field crops; Dennis Johnson, leadership; and Paige Baize, star chapter farmer.

Officers of the FFA chapters are:

John W. Turner Sent To New Navy Center

John W. Turner, aviation machinist's mate third class in the U. S. Navy, son of Mr. and Mrs. John B. Turner and husband of the former Wanda West, all of Route 3, Hamlin, reported on February 25 to Composite Squadron 11 at the U. S. Naval Air Station, North Island, from the U. S. Naval Air Station at Corpus Christi, according to a release to The Herald from the base.

Before entering the Navy in January, 1952, he attended Hamlin High School.

SENIOR TRIP

(concluded from page one) gulf, which is out in front of the hotel. Late in the day they will return to New Orleans and will dine in another famous French restaurant before they board their pullmans for the return trip home. Hamlin School buses will be waiting at the depot to bring the group back to Hamlin.

There will be 50 making the trip. Forty-three of the 49 seniors will go. They will be accompanied by Mrs. Austin Poe and Elvin Hill, class sponsors; B. V. Newberry, high school principal; Mrs. Floyd Briscoe, Mrs. Olin Amerson and Mrs. O. L. Cooper, class mothers; and Mrs. Elvin Hill.

The entire trip will cost about \$2,250. Most of the funds have been made through the sales of Christmas cards, football seasons, class play, rummage sales, community birthday calendars, cake sales, bulb sales, candy and cold drink sales at various occasions. The class will still have enough money to buy and leave a nice gift to the school and also to defray graduation expenses.

Seniors going on the trip are: Jackie Drummond, Helen Acuna, Alta Lois Rodgers, Walter Willis, Richard Sutherland, Don Johnson, Don Brown, James Boyd, Betty Dillard, Benny Watson, Robert Altum, Bill Kelly, Justin Rowland, John Mac Harwell, Joyce Cooper, Peggy Briscoe, Charlene Smith, Joe League, Carolyn Pace, Linda Wallace, W. H. Hallmark, Norma Garrett, Bobby Norton, Ralph Bailey, Donal Johnson, Laveta French, Martha Hubbard, Mary Lou Amerson, Betty Sue Amerson, Pat Daniels, Steve Lawlis, Tommy Hester, Davi Johnson, Amanda Freeman, Jeannette Adams, Clifford Eoff, Hoyle Brown, James Lain, Betty Osborne, Sarah Walker, Bobby Hopper, Barbara Durham, Ronald Carter.

Hamlin Students Are Officers in Tech Unit

Two Hamlin students at Texas Technological College at Lubbock have been named officials in the Tech chapter of Future Teachers of America.

Bennie Thorpe of Lubbock was elected president. Others officers elected were: Don Seely of Endwell, Maryland, program vice president; Ray Crawford of Memphis, membership vice president; June Clark of Borger, secretary; Kay Pounds of Teague, treasurer; Wayne Jones of New Deal, publicity chairman; and Toby Sellers and Guy Weaver, both of Hamlin, librarians.

(concluded from page one) cannot know if the vaccine is effective.

"But we cannot wait until then for planning for the protection of as many of our children as possible. Vaccinating large numbers of children is a big and important job, entailing many procedural tasks that cannot be performed overnight.

"If the license is granted in April, we must be ready to start vaccinating at once so that, if possible, we can finish before our schools close and the polio season starts. We want to give the vaccine early so that many children can be protected before polio appears in their communities.

"This program would not be another test, but the first use of a newly established preventive measure."

Under the direction of the State Health Department, Dr. Andrus has been conferring with school authorities and physicians, who have pledged their full cooperation.

The polio vaccine will be furnished from a supply being purchased by the National Foundation with March of Dimes funds. It will be made available by the foundation without charge for the product to state health officers for use in the above groups, if licensed by the federal government. Supplies also will be distributed through usual channels at the same time.

The national foundation has financed the development and production of the Salk vaccine. Contracts were made with manufacturers for a supply of vaccine costing \$9,000,000 in March of Dimes funds. This enabled manufacturers to keep their production facilities in operation during the waiting period and be ready to go into full production as soon as the vaccine is licensed.

"Vaccine would be given by the health department this spring only to those eligible children whose parents sign forms requesting," Dr. Andrus added. "It is a completely voluntary program. The forms will be distributed through the schools beginning early in April. We should like to know as soon as possible how many eligible children we must provide for if the vaccination program is carried out. If the vaccine is not licensed, there will be no program."

The secret of success lies in finding a more efficient way of doing your work—not running away from it.

Woman's Literary Club Hears Report On District Federation Held at Vernon

Mrs. Clyde Grice, the incoming president, gave the delegate's report from the district convention held at Vernon on March 29 and 30, when members of the Woman's Literary Club met last Friday in the home of Mrs. L. H. McBride.

The meeting was opened by a prayer led by Mrs. W. A. Albritton. Minutes of the last three meetings were read and approved.

Mrs. Tarlton Willingham, chairman of the education committee, reported that the joint committee from the Fifty-Two Study Club and the Woman's Literary Club recommended the name of Betty Dillard to present as a candidate for the Eunice Buchanan scholarship fund. The club voted to accept the recommendation.

Club members wrote program suggestions for the new year on slips of paper, and these are to be considered for the course of study. Mrs. R. D. Moore gave a treasurer's report.

Mrs. F. C. Briscoe was program director for the program entitled "The American Home Heritage."

Simultaneous Bible Schools Suggested By Minister Group

It has been a surprising sight to some to see a group of preachers down on the streets of Hamlin at 7:00 o'clock on the first Monday morning of each month. Well, in case you are interested or curious, that is the regular meeting time for the Hamlin Ministerial Alliance. The ministers meet monthly and have breakfast together. Last meeting was attended by seven of the local pastors.

The pastors plan to recommend to the churches that vacation Bible schools be held at the same time in the city this year, with the dates set for May 30 through June 10. A parade featuring all churches is to be launched May 28 with all the boys and girls of the various vacation Bible schools participating.

Pastors also will ask their respective churches to contribute a small amount each month to the ministerial alliance fund in order that the organization may carry on some projects.

The lucky man points with pride at his superior judgment.

Tex Carson Circus to Play in Hamlin Twice Wednesday, April 20

"Maw, wake me up early when dad gets up, will yah? I wanna be around when the circus unloads." On April 20 many a Hamlin area mother will be thusly approached.

Tex Carson Circus takes great pride in cleanliness of the performance, and is of the highest standard. There you will see the most unusual artists and prodigious array of acts ever assembled. The world is amazed, delighted and surprised by the flood of new features, revelations and striking novelties shown in continuous, countless numbers. Living examples of the magnificent results of patience and kindness toward dumb brutes, cunning creatures in fur and feather that captivate the hearts of every child. Endless varieties of other all-new and novel accomplishments. Stupefying spectacle of fairyland's gorgeness. "A Peek in Fairyland," childhood's sweetest dreams come true; a golden chapter from the story book that never grows old.

The circus will play at the old airport, north of Hamlin.

Rotarians Discuss Farmer Meeting to Ponder New Crops

Plans for a suggested farmer information program to be sponsored by the Hamlin Rotary Club were talked when members of the civic group met in regular weekly luncheon Wednesday noon at the oil mill guest house.

Proposal to have a visitor from the Spur experiment station to talk on alternate crops for the acreages lost to cotton under the government control programs was talked. No date was set for the meeting.

In a series of reports made at the luncheon, the Hamlin club was rated eleventh in district attendance standings with a 95.28 percent.

A special guest of the club was Jerry Wilson of Abilene, who has recently been awarded a fellowship at Oxford University in England under the reciprocal student plan sponsored by Rotary International. John Huckabee of Rotan is at present in Europe under a similar fellowship. He was sponsored by the Hamlin club.

Other guests at the Wednesday luncheon included Hugh M. Hardy and Homer Scallorn of Abilene; Tom Boyd of Stamford; and Ronnie Parker, Junior Rotarian for the month.

The engineer showed one of the big maps of the city recently completed by him, the first complete redrafting of the city in many years, he explained. While water capacity of the city is double now that of a year ago, Dunlap declared already the city is looking for more facilities to cope with the fast expanding population of Hamlin.

General financial status of the city is stable, the engineer observed.

Chairman B. V. Newberry of the nominating committee for officers for the new fiscal year beginning July 1, passed out member nominating sheets, from which the ballot will be made up at next week's meeting of the club.

Hamlin Lions Club ranked third in attendance records for the district in February, President W. T. Johnson reported.

Besides Dunlap, another guest at Tuesday's luncheon was Joe Breed of Anson.

Water Resources Report Due Within Next Three Weeks

S. W. Freese, partner in the Freese & Nichols engineering firm of Fort Worth, who was in Hamlin last Thursday, told Chamber of Commerce officials that the report on findings and recommendations for the water resources committee of the civic organization on the feasibility of proposed water projects on the Brazos River north of Hamlin will be ready within the next three weeks.

The engineering firm's representative declared that preliminary studies of the proposal have indicated greater possibilities than he at first thought when the proposal was taken under advisement by his firm.

Proposal advanced by the committee from the Hamlin Chamber of Commerce was to study prospects for irrigation and industrial water from the Double Mountain and Salt Fork branches of the Brazos River, with probably several reservoirs being considered for the area extending 75 miles north and west from Hamlin.

"Monthly Pains" stoppe or amazingly relieved

In 3 out of 4 cases in doctors' tests!

• Chances are you're putting up —unnecessarily—with the functionally caused pains, cramps and weak, "no-good" feelings of menstruation!

For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distressing cases out of 4 of the cases!

Lydia Pinkham's is modern in its action!

So get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron. See doctor this month. If it doesn't give relief from those backaches, jitters—help you feel better before and during your period!

Or—if you suffer from functional "hot flashes" of "change of life," find out how wonderful Pinkham's is for that, too!

It has a quieting effect or sterilizes contractions that often cause "period" pain!

Elmon D. Rogers Gets Promotion in Service As Cook with Army

Elmon D. Rogers, who entered the Army from Hamlin in June, 1954, has been promoted to the rank of Private First Class at Fort Story, Virginia, according to a release to The Herald from that base.

He is the son of Mr. and Mrs. Elmon D. Rogers Sr. of Hamlin. His brother, Kevon, age 20, is also in the service stationed in Wiesbaden, Germany, with the U.S. Army.

Young Rogers, 19, is presently assigned to the 344th Transportation Company (amphibious truck) where he is a cook. He arrived at Fort Story last September after completing basic training at Fort Bliss, Texas.

Local sport fans will remember Rogers on the football team of Hamlin High School before he graduated in 1954.

Area Motorists Urged to Secure Inspection Stickers

Hamlin area motorists were being urged this week to secure their motor vehicle safety inspection tags.

"Motor vehicle safety inspection deadline is drawing near," said Captain G. L. Morahan of the Abilene Texas Highway Patrol District office.

The last day that a motor vehicle can be operated on the gold safety inspection sticker is April 15, 1955. The new safety inspection stickers are green, and must be displayed on all vehicles by April 16, 1955.

Captain Morahan stated that enforcement by highway department patrolmen will start April 16, 1955. Anyone operating a vehicle without the new safety inspection sticker displayed will be subject to a fine of \$1 to \$200 plus court costs.

Inspection of vehicles has been moving at a rapid pace the last few weeks, but there are still a number to be inspected, stated Captain Morahan. He urged the owners of these vehicles that have not been inspected to secure their safety inspection stickers before the deadline to avoid the possibility of having to pay a fine.

Inspection stickers may be obtained at most Hamlin garages, which are authorized inspection stations.

DON'T MOW GRASS CLOSE.
 Improper mowing is responsible for deterioration of many lawns. Close mowing will thin the turf and lower its resistance to drought. Keep the grass at a height of one and one-half to two inches, say extension service experts.

Hamlin Lions Go to Roscoe Zone Meeting

Several members of the Hamlin Lions Club were scheduled to attend the monthly zone meeting of this area yesterday (Thursday) evening at Roscoe. Heading the delegation were President W. T. Johnson and Secretary Donley Williams of the local organization.

Charges Hogsett of Roby, zone chairman, was to preside at the Roscoe business session.

A CATASTROPHE.
 A bored cat and an interested cat were watching a tennis game.

Anniversary Fete Planned by Square Dance Association

Elaborate plans are being made for the Westerners Association anniversary square dance, to be staged at Pioneer Hall in Anson next Saturday, beginning at 8:00 o'clock p. m., according to Mr. and Mrs. I. R. Witt, who are in charge of program arrangements.

The anniversary celebration is being sponsored by the Hamlin Square Dancers. Hosts and hostesses will be Mr. and Mrs. Tom Holman, Mr. and Mrs. Jack White, Mr. and Mrs. Red Miers, Mr. and Mrs. Lee Hastings, Cricket Bomby, Fay Dean, Mr. and Mrs. S. E. Branscum, Ivy and Fritz Witt, Mr. and Mrs. Luther J. Haught, Mr. and Mrs. Pete Bond, Mr. and Mrs. T. W. McGuire, Mr. and Mrs. Ray Huling, Weldon Hudson, Ben and Ella Mae Turner, Norma Brown and Mr. and Mrs. E. W. Cox.

Main festivities will be preceded at 6:00 o'clock by a couple dance clinic.

Features of the evening's program will be special dances presided over by the seven former presidents of the Westerners Association. An honored guest will be Bill Simmonds of Erick, Oklahoma, representative of the National Square Dance Association.

Dance association members will be charged \$1.50 for the dance per couple. Non members will pay \$2 per couple. Spectators will be admitted free, the Witts declare.

Commercial Students From Hamlin Place in District Competition

Joye Bigham of Hamlin High School placed second in the district Interscholastic League typing contests held Saturday at Merkle, and Barbara Durham placed fourth. Colorado City girls placed first and third.

Joye will go to Brownwood Saturday, April 23, to compete with typists from this region. First place score was 136.24, Joye's was 124.87, and third place was 123.08.

Amanda Freeman placed third in the district shorthand contests Saturday. Colorado City placed first and second with scores of 98.8 and 97.3, and Amanda's score was 92.7.

Shorthand scores were based on five minutes of dictation at 80 words per minute to be transcribed in 45 minutes. The number of words was then divided into the number of words transcribed correctly, and this gives the per cent of accuracy.

Typing score was based on per cent of accuracy and net words typed during a 12-minute timed writing.

McMahon Jewelry Modernizes Fixtures

Bright, re-arranged interior and exterior appearances are offered visitors this week to McMahon Jewelry Company store, one of Hamlin's older business institutions.

Show cases in the firm have been rebuilt to provide graduated shelving for better display of merchandise. Complete inside and outside paint jobs further add to the revamp store's appearance.

MYSTERY FARM PICTURE NO. 12 (above) printed in last week's Herald was correctly identified first by Louis Johnson of Hamlin as one of the places in Tarlton Willingham tract, nine miles west of town. He will receive a one-year subscription to The Herald. Most of the 833-acre place, formerly known as the Steele estate place, is devoted to pasture, but about 100 acres of wheat is doing good on the cultivated area, says Willingham, who purchased the tract about three years ago.

Louis Johnson Gets Sub for Identifying Mystery Picture

Louis Johnson of Hamlin, who was the first to submit a suggestion of identity of the twelfth in the series of mystery farm pictures being printed in The Herald. He correctly identified last week's aerial view as a place on the Tarlton Willingham ranch, nine miles west of Hamlin.

The place was originally settled by the Carlson brothers, who came to this section in 1884 from Austin. The Carsons helped to establish the old Swedenia community. The place was purchased by the J. J. Steeles about the turn of the century. Willingham purchased the 833-acre tract three years ago.

Most of the place pictured is devoted to pasture land, where the Willinghams raise fine cattle. About 100 acres is in cultivation, and that is devoted to wheat. The wheat crop, incidentally, is doing nicely, Willingham declared.

The Willinghams have lived in the Swedenia community for 45 years, where they have about 5,000 acres in farm and ranch lands.

NO PROFIT AFTER ALL.

"I feel sure, my poor man," said the sympathetic old lady visiting a state prison, "it was poverty that brought you to this."

"On the contrary," said the prisoner, "I happened to be coining money."

Carl H. Heinlen of Hamlin Honored for T-P Safety Record

Carl H. Heinlen of Hamlin, a district field foreman for Texas Pacific Coal & Oil Company, recently received a 20-year retained safety award from H. B. Fuqua, board chairman and president.

Heinlen, a T-P employee for 35 years, has been driving a company vehicle for that length of time without an accident.

"The performance reflects great credit on Mr. Heinlen, his department and our company," Fuqua said in presenting the award, a handsome statuette offered for such safety records by the Employers Group Insurance Companies.

Other employees are due to receive similar recognition in the near future, Fuqua stated.

Hamlin School Tennis Players Place at Meet

Tennis players from Hamlin High School last weekend ran into tough competition at Merkle at the district tournament of the Interscholastic League but all of them managed to place in the events in which they entered.

Lusara Dean took second place honors in the girls' single division. Carolyn Barnett and Lavada Teichelman won second in the girls' doubles.

In the boys' singles Clifford Green ranked third. In the boys' doubles Ted Wright and Bill Everett took third place.

"Did you get home all right after the party last night?"

"Fine, thanks; except that as I turned into my street, some idiot stepped on my fingers."

TWO WOMEN from Aspermont were down in Hamlin the other day shopping. One of them had purchased a new dress and was trying it on in the dressing room. She called to her friend in to see it.

"Kinda biblical, isn't it?" the friend observed.

"What do you mean, biblical, my dear?" the purchaser asked.

"Oh, sorta lo and behold."

THOSE LITTLE RHYMES recently issued by the traffic safety division of the Texas Highway Department are worthy of our consideration. For example:

If you care not whether you die,
How about the other guy?

OUR RELATIONS with our fellow man oftentimes are the determining factor in friendships and success. The poem below is a prayer from a fellow who was interested in making his life count for others:

Teach me, my Lord, to be sweet
and gentle in
All the events of life . . .
In disappointments,
In the thoughtfulness of others,
In the insincerity of those I trust
ed,
In the unfaithfulness of those on
whom I relied.
Let me put myself aside,
To think of the happiness of
others,
To hide my little pains and heart-
aches, so that
I will be the only one to suffer
them.

Teach me to profit by the suffer-
ing that comes across my
path,
Let me so use it that it may mel-
low me,
Not harden nor embitter.
That it makes me patient, not ir-
ritable,
That it makes me broad in my
forgiveness,
Not narrow, haughty and over-
bearing.

May no one be less good for hav-
ing come within my influ-
ence,
Less true, less pure, less noble,
for having

Been a fellow traveler in our jour-
ney toward eternal life.
As I go my rounds from one dis-
traction to another, let me
whisper

From time to time a word of love
for Thee.
May my life be lived in the super-
natural, full of power,
For good and strong in its purpose
of sanctity.

MOST OF US are going in
high gear all the time, and
wind up each day with our tongues
tolling out. The following prayer
was made by an old negro preacher
at a revival held recently in a
small country church in Alabama,
which is appropriate, we believe:

"Slow me down, Lawd. Ah's
goin' too fast. Ah can't see mah
brother when he's walkin' past.
Ah miss a lot o' good things day
by day; Ah don't know a blessin'
when it comes mah way. Slow
me down, Lawd. Ah wants t' see
more o' th' things that's good for
me. A little less o' me an' a mite
more o' you; Ah wants th' heavily
atmosphere t' trickle through.
Let me he'p brother when the
goin' gits rough; when folks work
t'gether it ain't so tough. Slow
me down, Lawd, so Ah c'n talk
with some o' your angels; slow me
down to a walk."

EVEN BILL ROUNTREE is
beginning to believe it is
true—that is, that the government
rain gauge which he has been us-
ing at the city pump station to
measure Hamlin rainfall is tabu-
lating our rains short.

"Folks have been telling me
for months that my gauge is the
stingiest thing I know of when
it comes to measuring our rains,"
declared Bill this week after the
gauge showed only .67 of an inch
of fall for the early Tuesday
morning rain and hail.

"Really, I believe we got more
rain than that, because water was
running and standing all over
town."

ANOTHER in the series of
snappy little rhymes calling
our attention to the importance
of traffic safety, issued by the
traffic safety division of the Texas
Highway Department, follows:

Polio Vaccine to Be Given to 800 Jones County Children

Gayle Baize of Hamlin Reelected Singer President

Approval of New Agent Necessary Before Plan Used

Some 800 Jones County school children are scheduled to receive possible administration of polio vaccine, according to Dr. Allen Andrus, county health officer. Detailed plans now are being worked out for the program, he declared this week.

As was announced March 5 by state health officials, all first and second grade pupils in public, private and parochial schools in the state and all children who were part of the test groups in the 1954 vaccine field trial but did not receive vaccine at that time, are included in the planned program. It will also be available to others through physicians at the same time.

But parents were warned by Dr. Andrus not to jump to the conclusion that the current planning indicated the vaccine already had been proven effective.

The vaccine, which will be furnished by the National Foundation for Infantile Paralysis, is the same vaccine that was given to 440,000 children last spring, he said. "We do not know yet whether it really prevents paralytic polio. Until April, when we learn the results of the evaluation study now being conducted at the University of Michigan, we

New Mexico Man Leads in Revival at Pentecostal Church

Rev. Marvin E. Abbott of Roswell, New Mexico, will conduct a two-week revival meeting at the United Pentecostal Church, beginning Sunday evening, according to Rev. T. J. Waldrop, pastor.

Special services to stimulate faith will be held each Tuesday and Friday evening. On these nights attendants will hear such outstanding sermons as "Ten Reasons Why You Are Not Healed," "Somebody Touched Me" and "Faith in Action." Other sermon topics will be "The Second Mile," "Dangers That Threaten America" and others.

Rev. Abbott has traveled extensively, conducting revivals over a large portion of the United States, and has pastored churches in a number of states. He is a noted singer and musician, playing the standard and Hawaiian guitars. He has been on many radio stations and recently was invited for a special number on Station KDAV, Lubbock.

Services will begin each evening at 7:00 o'clock. The church is located at Northeast Third and Northeast Avenue A.

TB Association Group Slates Business Meet

Annual business meeting of the Jones County Tuberculosis Association will be held at Stamford Tuesday evening, April 12, at 7:30 o'clock at Nat's Cafe. It will be a dinner meeting, and officers, directors and members are invited and urged to be present, according to Mrs. E. M. Wilson, county chairman. Each person will be expected to pay for his or her dinner.

The singing sessions were held in the Anson Junior High School auditorium. Those attending the assembling of music lovers and singers had come from an area extending from Monahans to Louisiana.

Scores of people from the Hamlin area were among attendants.

Pick-Up for City Water Department Delivered

Delivery of the Dodge pick-up truck that was recently purchased by the City of Hamlin for use by Bill Rountree and others of the water department was taken this week, according to city officials.

The pick-up is the third piece of mobile equipment recently purchased by the city in a program to modernize the rolling stock of the municipal.

Also recently received are a panel truck for the water department and a street sweeper.

Coaches Townsend, Elvin Hill and John Taylor have tendered their resignations from their respective coaching positions at Hamlin Schools for the coming year. All resignations are effective at the close of this school year.

Two Easter Plays Set For Sunday at Hamlin Foursquare Church

Members of the Sunday School department of the Foursquare Gospel Church in Hamlin will present an Easter play entitled "There Is No Death" Sunday morning at the 11:00 o'clock hour, according to Rev. Carl Pool, pastor. The drama is an hour long, and will feature five characters.

For the evening services at the church there will be a short play entitled "Easter In My Heart," presented by members of the Crusaders Service division.

The pastor and members of the congregation invite the public to attend the plays. The church is located at the corner of Southwest Avenue D and Southwest First Street.

Hudson received four votes in a write-in on ballots.

APPRaising EISENHOWER'S WORK IS PASSTIME

It is a healthy sign of interest in national government when people of the Hamlin section discuss their president and appraise his work in the national capitol. Of course, there are pros and cons in the discussions about his administration—but the interest is the all-important thing.

It is clear that President Eisenhower does not look upon himself—or anyone else—as being an "indispensable man." When the subject came up at a press conference, in connection with the 1956 general election, he said: "Did you ever think what a fate civilization would suffer if there was such a thing as an indispensable man? When he went the way of all flesh, what would happen? It would be a calamity, wouldn't it? I don't think we need to fear that."

Republican strategists, however, with their fingers held to the prevailing political winds, take a somewhat different view. They find that Eisenhower, personally, is far more popular than the party. And most of them seem to have come to the conclusion that their 1956 prospects, so far as can be seen today, would be dim without him at the head of the ticket.

According to the latest Gallup Poll, the president's popularity among the voters is close to its all-time high—71 per cent of

them approve his conduct of his office, as against 75 per cent in September, 1953. His low point, 57 per cent, was touched in November of last year. Among Republicans, 74 per cent want him to run again. If he does not run, Vice President Nixon is the next favorite—but only 30 per cent of the Republicans pick him. Thomas Dewey is next with 23 per cent, and Harold Stassen follows with 20 per cent. In other words, the president leads the field by a huge margin.

On the Democratic side, the Gallup Polls show that Adlai Stevenson is also an overwhelming favorite—58 per cent of the Democrats choose him, as against only 16 per cent for Senator Kefauver, the second choice. There is considerable talk now about Averill Harriman being picked, as a result of his upset win in the New York gubernatorial contest. But a mere four per cent of the Democratic voters polled chose him.

A while ago it was rumored that the president would not run—that he was determined to retire and enjoy life at the end of one term. Now the Washington consensus seems to be that he will run. The pressure on him to do so is terrific. For, as the U. S. News says, "When Republicans appraise the vote division and prospective candidates, they are led to believe that he is the only man who can win for them."

Future Is Always Bright

There is something irresistibly fascinating about the future. Though we dwell in the present, yet we forever look ahead, drawn on by some strange compulsion, like the ocean which responds to the lure of the tides. It must be that the future is more than the unrevealed, the unopened, else a little discovery would satisfy our craving.

The future is divinity's laboratory where the ideal is being converted into the real. We are drawn to this laboratory by an incessant call for helpers, summoning us to join our little lives with great issues, far-flung visions, stupendous causes. Though we are here today and vanquished on the morrow, still the cause we have helped make real and live among men will give us confidence to trust for further realization whatever the future cradles in its secret bosom.

Editorial of the Week

MEASURING SCALE

The Southwest is growing by the proverbial leaps, if not within the proverbial bounds. Some of us get to thinking sometimes that surely this must be the end. Such booming progress cannot continue forever.

Best antidote for this kind of negative thinking is to do a little checking up and see that while we have come a long way in the last few years, we still have a far piece to go.

One place to look is at the signatures of advertisements in the top national magazines. Our own five-state area generally contributes only one or two full pages or even less. Certainly, we have room to grow here.

Another similar check-up came from going over the list of 162 manufacturers going to Paris in May for the Second International Conference of Manufacturers. Out of the nearly 200, only G. L. Doolittle, president of Albuquerque Lumber Company of Albuquerque, New Mexico, will be from the Southwest. The Pacific Coast, much farther away, is sending 20. The old South will be represented by nine times as many as the Southwest. Of the remaining 132, the names of seven turn up as being associated with companies having branch plants in this section. The home office men get the breaks.

This little recap is not intended as negative thinking. On the contrary, it's just to show that we're just getting underway down here in the Southwest. Instead of having reached a limit, we are just starting to grow!—Caps and Lower Case, Dallas.

We Rise on Errors

Many years ago some sage said "To err is human," and all of the animals of humanity are root of it. If we were incapable of making errors, we wouldn't be here on the good old earth; the world is a kindergarten of improvement.

We learn wisdom from failure more frequently than from success; the chemist learns successful compounds only after many experiments; the capacity for profiting from blunders is inseparable from the capacity for achievement.

Exemption from errors is not the privilege of mortals but when mistakes are involuntary, we owe each other every candid consideration and the successful man in business or in government is here, who not only profits from his own errors, but by his example reduces the errors of his associates to a minimum.

The mistakes of the past become the seeds from which grow the wisdom-trees of the future.

RECALLING Other Years

Being news items taken from old files of Your Home Town Newspaper
The Herald

TWENTY YEARS AGO.

Among news items of interest in the Hamlin community 20 years ago were the following, which are reprinted from the issue of The Hamlin Herald dated April 5, 1935:

H. V. Brown and S. C. Ferguson will take their club calves to Lubbock next week for exhibition at the Lubbock Fat Stock Show. In a wedding at Anson Tuesday night, LaRue Collier and R. N. Fairey were united in marriage. LaFaire is the daughter of Mr. and Mrs. V. W. Collier and is a senior at Hamlin High School. Young Fairey is the son of Mr. and Mrs. E. F. Fairey and has attended the University of Texas.

Rains that totaled up to five inches fell Tuesday in the Hamlin territory. The upper part west of the city caught brimful for the first time in many months.

Calves shown last weekend at the Lubbock Fat Stock Show by H. V. Brown of Hamlin won second and fourth places in their classes at the show.

Myrtle Lee Cohn left Sunday for Dallas to take post-graduate courses in surgery at Baylor Hospital.

Friends of Vara White and Herman Boyt were surprised Sunday when they learned that these two young people had been married since March 10. Mrs. Boyt is the daughter of Mr. and Mrs. D. M. White, and Boyt recently moved here from Albany, and is working at the Carl Young service station.

TEN YEARS AGO.

Among items of interest in the Hamlin community 10 years ago were the following, reproduced from the issue of The Hamlin Herald dated April 6, 1945:

Nominees for the two places on the board of trustees of the Hamlin Independent School District are Delma Shelburne, Joe Moser, Clarence Bailey and Claude Lancaster.

O. D. Roland and I. R. Witt were named as members of the Hamlin City Council in voting Tuesday. Also on the ticket were R. L. McCurdy and W. L. Cash.

Mrs. John F. Green Jr. and his son came in Sunday from Sanderson to spend two months with Mr. Green's parents. Lieutenant Green is with the armed forces in Germany.

Deposits in the Farmers & Merchants National Bank of Hamlin totaled \$2,512,074.12 at the close of business March 20, 1945 according to the current bank statement.

Mr. and Mrs. Ray S. Teague have been advised by the War Department that their son, Private First Class Sidney Ray Teague, had been killed in military action in Germany.

FIVE YEARS AGO.

News items of interest in the community five years ago included the following, reproduced from the issue of The Hamlin Herald dated April 8, 1949:

Hamlin High School's Pied Pipers baseball team defeated the boys from Anson Tuesday afternoon by 11 to 2 score.

Track team from the high school placed second in an area meet at San Angelo Saturday. The team is being coached by Coach Jess Burditt.

A survey is being in Hamlin preparatory to provision of free mail delivery in Hamlin.

Dr. J. F. Hocutt and Dr. E. L. Haag have leased the Hamlin Memorial Hospital for a five-year term, according to officials of the hospital board of trustees.

Plans are being made by members of the Hamlin Lions Club to entertain some 300 Lions of the Zone 5 at Hamlin next Friday evening, according to Stanley Carmichael, local Lions president.

O. D. Roland and I. R. Witt were reelected to places on the City Council in voting Tuesday that polled only 35 votes.

ONE YEAR AGO.

A long news items of interest in the community a year ago were the following, taken from the issue of The Hamlin Herald dated April 9, 1954:

About 20 members of the Hamlin Volunteer Fire Department are scheduled to attend the semi-annual convention of the Mid-Wes Texas Firemen's Association this weekend at Albany. Jake Lawson of Hamlin is president of the regional group and will preside at business sessions.

Elected to the four posts on the Hamlin City Council in Tuesday's spirited voting were Willard Jones, mayor, and Gene Preweit, W. S. Seals and B. O. Bell. Total of 480 votes were cast in the city election.

Jones County's financial affairs are in good shape, according to County Judge Roger Q. Garrett.

Cattle Prices Sag as Effect of Ham and Turkey Campaigns Reaches Markets

Cattle and calf prices were inclined to be on the low side of steady in most cases Monday at Fort Worth, declares Ted Gouldy, special market reporter for The Herald, in his weekly release. The release continues: Buyers point to a number of factors as influencing the trend, despite the fact that runs reported around the nation were somewhat below a week earlier.

Most important factor in the weakness of fat cattle and fat calves is the expected domination of the Easter dinner tables by ham and turkey. Nation-wide promotion of Easter hams as handled by the National Livestock and Meat Board has all the purveyors of red meat certain that ham will dominate the holiday.

Another factor that weakens the immediate cattle trade is the continuation of sub-normal moisture in much of the Southwest and the accompanying blowing of the soil. Even the most optimistic cattle buyers are wary of going into the summer without a season in the ground, and much of the Southwest needs rain right now.

Outstanding FFA Boys Recognized as Feature of Annual Son-Parent Banquet

Recognition of seven outstanding members of the Hamlin chapter of Future Farmers of America was a feature of the annual banquet staged at the Hamlin Elementary School cafeteria Monday evening by the FFA boys for their parents and friends.

About 200 boys, leaders and parents took care of a big batch of barbecue and all the trimmings when things got underway. Preparing the meal were Mmes. Cecil Brown, A. F. Dixon, B. K. Smith, Ed Rodgers and Eva Eades.

After the invocation by Jerry Jay, opening ceremony, was presented by officers of the FFA chapter.

Welcome to the gathering was offered by Ronny Parker for the boys. Response for the mothers was given by Mrs. Noel Weaver, and Louie Cunningham responded for the dads.

Speaker of the evening's program was E. M. Borden, minister of the Church of Christ, who talked about his picture making hobby and compared the reproduction of pictures to life.

For entertainment, Bobby Norton played a trombone solo with Elizabeth Norton accompanying at the piano, and Gene Steele played a trumpet solo.

The special recognition awards were presented by C. L. Howard to the following: Douglas Ford, swine breeder; Ronny Parker, beef cattle; Clifford Eoff, dairy cattle; John Brinegar, poultry; Joe E. Brown, field crops; Dennis Johnson, leadership; and Paige Baize, star chapter farmer.

Officers of the FFA chapters are:

Chapter—Dennis Johnson, president; Dee Prewit, vice president;

John W. Turner Sent To New Navy Center

John W. Turner, aviation machinist's mate third class in the U. S. Navy, son of Mr. and Mrs. John B. Turner and husband of the former Wanda West, all of Route 3, Hamlin, reported on February 25 to Composite Squadron 11 at the U. S. Naval Air Station, North Island, from the U. S. Naval Air Station at Corpus Christi, according to a release to The Herald from the base.

Before entering the Navy in January, 1952, he attended Hamlin High School.

POLIO VACCINE

(concluded from page one) gulf, which is out in front of the hotel. Late in the day they will return to New Orleans and will dine in another famous French restaurant before they board their pullmans for the return trip home. Hamlin School buses will be waiting at the depot to bring the group back to Hamlin.

There will be 50 making the trip. Forty-three of the 49 seniors will go. They will be accompanied by Mrs. Austin Poe and Elvin Hill, class sponsors; B. V. Newberry, high school principal; Mrs. Floyd Briscoe, Mrs. Olin Amerson and Mrs. O. L. Cooper, class mothers; and Mrs. Elvin Hill.

The entire trip will cost about \$2,250. Most of the funds have been made through the sales of Christmas cards, football pennants, class play, rummage sales, community birthday calendars, cake sales, bulb sales, candy and cold drink sales at various occasions. The class will still have enough money to buy and leave a nice gift to the school and also to defray graduation expenses.

Seniors going on the trip are: Jackie Drummond, Helen Acuna, Alta Lois Rodgers, Walter Willis, Richard Sutherland, Don Johnson, Don Brown, James Boyd, Betty Billard, Benny Watson, Robert Altum, Bill Kelly, Justin Rowland, John Mac Harwell, Joyce Cooper, Peggy Briscoe, Charlene Smith, Joe League, Carolyn Pace, Linda Wallace, W. H. Hallmark, Norma Garrett, Bobby Norton, Ralph Bailey, Donal Johnson, Laveta French, Martha Hubbard, Mary Lou Amerson, Betty Sue Amerson, Pat Daniels, Steve Lawlis, Tommy Hester, Dawl Johnson, Amanda Freeman, Jeannette Adams, Clifford Eoff, Hoyte Brown, James Lain, Betty Osborne, Sarah Walker, Bobby Hopper, Barbara Durham, Ronald Carter.

The polio vaccine will be furnished from a supply being purchased by the National Foundation with March of Dimes funds. It will be made available by the foundation without charge for the product to state health officers for use in the above groups, if licensed by the federal government. Supplies also will be distributed through usual channels at the same time.

The national foundation has financed the development and production of the Salk vaccine. Contracts were made with manufacturers for a supply of vaccine costing \$9,000,000 in March of Dimes funds. This enabled manufacturers to keep their production facilities in operation during the waiting period and be ready to go into full production as soon as the vaccine is licensed.

"Vaccine would be given by the health department this spring only to those eligible children whose parents sign forms requesting," Dr. Andrus added. "It is a completely voluntary program. The forms will be distributed through the schools beginning early in April. We should like to know as soon as possible how many eligible children we must provide for if the vaccination program is carried out. If the vaccine is not licensed, there will be no program."

The secret of success lies in finding a more efficient way of doing your work—not running away from it.

Hamlin Students Are Officers in Tech Unit

Two Hamlin students at Texas Technological College at Lubbock have been named officials in the Tech chapter of Future Teachers of America.

Bennie Thorpe of Lubbock was elected president. Others officers elected were: Don Seely of Endwell, Maryland, program vice-president; Ray Crawford of Memphis, membership vice-president; June Clark of Borger, secretary; Kay Pounds of Teague, treasurer; Wayne Jones of New Deal, publicity chairman; and Toby Sellers and Guy Weaver, both of Hamlin librarians.

In a recent school essay on "Parents" a small girl wrote, "We get our parents when they are so old it is very hard to change their habits."

Woman's Literary Club Hears Report On District Federation Held at Vernon

Mrs. Clyde Grice, the incoming president, gave the delegate's report from the district convention held at Vernon on March 29 and 30, when members of the Woman's Literary Club met last Friday in the home of Mrs. L. H. McBride.

The meeting was opened by prayer led by Mrs. W. A. Albritton. Minutes of the last three meetings were read and approved.

Mrs. Tarlton Willingham, chairman of the education committee, reported that the joint committee from the Fifty-Two Study Club and the Woman's Literary Club recommended the name of Betty Dillard to present as a candidate for the Eunice Buchanan scholarship fund. The club voted to accept the recommendation.

Club members wrote program suggestions for the new year on slips of paper, and these are to be considered for the course of study. Mrs. R. D. Moore gave a treasurer's report.

Mrs. F. C. Briscoe was program director for the program entitled "The American Home Heritage."

Direct Commissions In WACS Offered For Above-Average

Direct commissions in the Women's Army Corps are now being offered to qualified young women upon graduation from college, according to Lieutenant General I. D. White, Fourth Army commander in a release to The Herald from Austin.

The Army each year has requirements for a small number of carefully selected young women to receive direct commissions as second lieutenants in the United States Army. To qualify, applicants must be from 21 to 27 years of age and must possess above average mental, physical and character qualifications.

Further information for applicants can be gained by writing direct to the WAF Staff Advisor, Headquarters Fourth Army, Fort Sam Houston, Texas.

Simultaneous Bible Schools Suggested By Minister Group

It has been a surprising sight to some to see a group of preachers down on the streets of Hamlin at 7:00 o'clock on the first Monday morning of each month. Well in case you are interested or curious, that is the regular meeting time for the Hamlin Ministerial Alliance. The ministers meet monthly and have breakfast together. Last meeting was attended by seven of the local pastors.

The pastors plan to recommend to the churches that vacation Bible schools be held at the same time in the city this year, with the dates set for May 30 through June 10. A parade featuring all churches is to be launched May 28 with all the boys and girls of the various vacation Bible schools participating.

Pastors also will ask their respective churches to contribute a small amount each month to the ministerial alliance fund in order that the organization may carry on some projects.

Tex Carson Circus to Play in Hamlin Twice Wednesday, April 20

"Maw, wake me up early when dad gets up, will yah? I wanna be around when the circus unloads." On April 20 many a Hamlin area mother will be thusly approached.

Tex Carson Circus takes great pride in cleanliness of the performance, and is of the highest standard. There you will see the most unusual artists and prodigious array of acts ever assembled. The world is amazed, delighted and surprised by the flood of new features, revelations and striking novelties shown in continuous, countless numbers. Living examples of the magnificent results of patience and kindness toward dumb brutes, cunning creatures in fur and feather that captivate the hearts of every child. Endless varieties of other all-new and novel accomplishments. Stupendous spectacle of fairyland's grandeur. "A Peek in Fairyland," childhood's sweetest dreams come true; a golden chapter from the story book that never grows old.

The circus will play at the old airport, north of Hamlin

Rotarians Discuss Farmer Meeting to Ponder New Crops

Plans for a suggested farmer information program to be sponsored by the Hamlin Rotary Club were talked when members of the civic group met in regular weekly luncheon Wednesday noon at the oil mill guest house.

Proposal to have a visitor from the Spur experiment station to talk on alternate crops for the acreages lost to cotton under the government control programs was talked. No date was set for the meeting.

In a series of reports made at the luncheon, the Hamlin club was rated eleventh in district attendance standings with a 95.28 per cent.

A special guest of the club was Jerry Wilson of Abilene, who has recently been awarded a fellowship at Oxford University in England under the reciprocal student plan sponsored by Rotary International. John Huckabee of Rotan is at present in Europe under a similar fellowship. He was sponsored by the Hamlin club.

Other guests at the Wednesday luncheon included Hugh M. Hardy and Homer Scallorn of Abilene; Tom Boyd of Stamford; and Ronnie Parker, Junior Rotarian for the month.

Engineer Reviews Affairs of City at Lions Club Meeting

Review of the city's business and financial affairs of the past several months by City Engineer Roy Dunlap provided the program at the weekly luncheon of the Hamlin Lions Club Tuesday noon at the oil mill guest house.

Dunlap reported that the physical equipment and financial worth of the city has greatly increased during the past several months.

With all the projects included in the \$500,000 water improvement program now completed, plus the addition recently of three major pieces of equipment and extra extensions of water and sewer mains, street lights and paving, a great step forward has been made, he declared.

The engineer showed one of the big maps of the city recently completed by him, the first complete redrafting of the city in many years, he explained. While water capacity of the city is double now that of a year ago, Dunlap declared already the city is looking for more facilities to cope with the fast expanding population of Hamlin.

General financial status of the city is stable, the engineer observed.

Chairman B. V. Newberry of the nominating committee for officers for the new fiscal year beginning July 1, passed out member nominating sheets, from which the ballot will be made up at next week's meeting of the club.

Hamlin Lions Club ranked third in attendance records for the district in February, President W. T. Johnson reported.

Besides Dunlap, another guest at Tuesday's luncheon was Joe Breed of Anson.

Water Resources Report Due Within Next Three Weeks

S. W. Freese, partner in the Freese & Nichols engineering firm of Fort Worth, who was in Hamlin last Thursday, told Chamber of Commerce officials that the report on findings and recommendations for the water resources committee of the civic organization on the feasibility of proposed water projects on the Brazos River north of Hamlin will be ready within the next three weeks.

The engineering firm's representative declared that preliminary studies of the proposal have indicated greater possibilities than he at first thought when the proposal was taken under advisement by his firm.

Proposal advanced by the committee from the Hamlin Chamber of Commerce was to study prospects for irrigation and industrial water from the Double Mountain and Salt Fork branches of the Brazos River, with probably several reservoirs being considered for the area extending 75 miles north and west from Hamlin.

Elmon D. Rogers Gets Promotion in Service As Cook with Army

Elmon D. Rogers, who entered the Army from Hamlin in June, 1954, has been promoted to the rank of Private First Class at Fort Story, Virginia, according to a release to The Herald from that base.

He is the son of Mr. and Mrs. Elmon D. Rogers Sr. of Hamlin. His brother, Kevon, age 20, is also in the service stationed in Wiesbaden, Germany, with the U. S. Army.

Young Rogers, 19, is presently assigned to the 344th Transportation Company (amphibious truck) where he is a cook. He arrived at Fort Story last September after completing basic training at Fort Bliss, Texas.

Local sport fans will remember Rogers on the football team of Hamlin High School before he graduated in 1954.

Area Motorists Urged to Secure Inspection Stickers

Hamlin area motorists were being urged this week to secure their motor vehicle safety inspection tags.

"Motor vehicle safety inspection deadline is drawing near," said Captain G. L. Morahan of the Abilene Texas Highway Patrol District office.

The last day that a motor vehicle can be operated on the gold safety inspection sticker is April 15, 1955. The new safety inspection stickers are green, and must be displayed on all vehicles by April 16, 1955.

Captain Morahan stated that enforcement by highway department patrolmen will start April 16, 1955. Anyone operating a vehicle without the new safety inspection sticker displayed will be subject to a fine of \$1 to \$200 plus court costs.

Inspection of vehicles has been moving at a rapid pace the last few weeks, but there are still number to be inspected, stated Captain Morahan. He urged the owners of these vehicles that have not been inspected to secure their safety inspection stickers before the deadline to avoid the possibility of having to pay a fine.

Inspection stickers may be obtained at most Hamlin garages, which are authorized inspection stations.

DON'T MOW GRASS CLOSE.
Improper mowing is responsible for deterioration of many lawns. Close mowing will thin the turf and lower its resistance to drought. Keep the grass at a height of one and one-half to two inches, say extension service experts.**County 4-H Club Boys to Represent District at State**

Jones County 4-H Club boys fared pretty well Saturday at the District III contests, held in Wichita Falls, according to Bill Lehmer, county agent.

The entomology team, composed of Hunter Hawkins, Gerald Lain, Johnny Mitchell and Delbert Wilson, won first place honors. Hunter Hawkins won individual high point honors.

The team members will represent this district at the state contests to be held in connection with the 4-H Round-Up in June. W. M. Moore, veterans' vocational coordinator, worked with the agent in training the team. The boys must be able to identify 60 insects, give the chemical control, injurious stage, and the host.

In the crop judging contest the Jones County team, composed of A. H. and Jimmy Roberts of Anson, won second place. A. H. won individual high point honors.

In the share-the-fun contests Jones County boys placed third with their tumbling act. In this group were Morris Chancey, Kenneth Vancil, Roy Justice, Edwin Dixon, Lloyd Warren, Bobby Sullivan and Buddy Lawlis, all of Nodale.

James Allred of Nodale won fourth place honors in the public speaking contests.

Thomas Martin of Anson placed ninth in the tractor operators' contest.

Opportunity sometimes comes to the man who waits, but the hustler secures a key to the door of success.
